LOCATION

Immingham is a port and town, positioned on the south bank of the Humber Estuary, within the county North East Lincolnshire. The town is situated approximately 3 miles north-west of Stallingborough, 6 miles north-west of Grimsby & 11 miles south-east of Barrow-upon-Humber.

In recent years there has been considerable investment into large offshore wind farm projects with further investment anticipated in the near future while the combined ports of Immingham and Grimsby are the largest by freight tonnage in the UK. The port is located to the north of the town, on the south bank of the Humber Estuary. The port is known for its import of fuels and has recently announced the proposed development of a new deep-water berth in conjunction in Stena Line.

Within this context, the property is located in the western side of Kings Road, ½ mile to the east of Immingham town centre while the A180 is located 1.5 miles to the south and provides access to the national road network.

DESCRIPTION

The property comprises a former chapel which has been subsequently altered and reconfigured to provide 12 offices over 2 floors with ancillary accommodation and a small yard.

Currently, the property is leased to multiple local businesses making it an attractive investment opportunity. Moreover, it presents the enticing option for potential purchasers to consider occupying part or the whole of the premises themselves, offering versatility and potential for personal use.
